What tool helps the Cisco Business Architect to gain and leverage their knowledge of the customer's business?

- * Business Model Canvas
- * Collaborative Business Modelo
- * Solution Architecture Design Mapo
- * Customer Requirement Map

NEW QUESTION 31

Which of the following is not a factor that drives the target state of the business at a customer organization?

- * Mission
- * Values
- * Vision
- * Client engagement

The mission, vision and values statements for an organization are far more than slogans on a wall; they should be sincerely held beliefs that guide the organization's path. Clear and compelling mission, vision and values statements define the organization, by communicating why the organization exists (mission), where the organization is going (vision) and what it stands for (values). The Leadership of every organization should regularly review the mission, vision and values of the organization which they steward to be sure they are relevant, meaningful and current.
